

Series

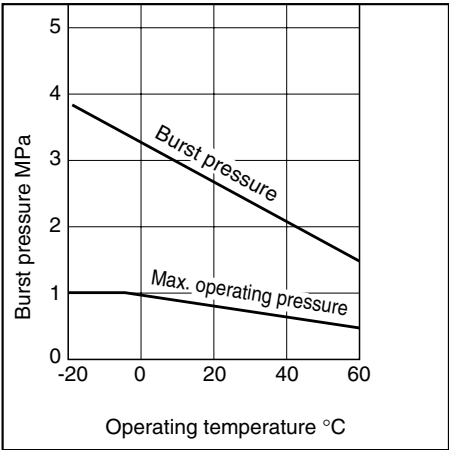

10-TFU

Polyurethane flat tubing

Compact piping possible

Burst pressure characteristics curve and operating pressure

Specifications

Model	10-TFU 0425B-2	10-TFU 0425B-3	10-TFU 0604B-2	10-TFU 0604B-3	10-TCU 0805B-2	10-TCU 0805B-3
Number of cores	2	3	2	3	2	3
Tubing O.D. (mm)	4		6		8	
Tubing I.D. (mm)	2.5		4		5	
Fluid	Air					
Max. operating pressure (20°C)	0.8MPa					
Burst pressure	Refer to the burst pressure characteristics curve.					
Operating temperature	-20 to 60°C					
Material	Polyurethane					
Color	Black					
Min. bending radius (mm)	10		15		20	
Tubing length per roll (m)	10					
Particle generation grade (Please refer to front matters 13 to 22 for details.)	Grade 1
